- 1. The parties have been engaging in intense settlement negotiations over the last 48 hours and believe they are close to settling this case. However, the parties agree they will not be able to settle the case and draft and execute a settlement agreement before the due date for Plaintiff's Reply in the motion currently noted for June 17, 2005. The parties are requesting an extension of the noting date in order to avoid further accrual of attorney's fees by Plaintiffs, and so that Plaintiff's counsel will be able to focus on attempting to settle the case, rather than drafting a Reply.
- 2. The parties agree that the noting date of Plaintiffs' FRCP 54(d) motion should be extended to July 1, 2005 in order to give the parties additional time to engage in settlement negotiations and, if the case settles, to draft and execute a settlement agreement.
- 3. The parties agree that the Plaintiffs filed their Rule 54(d) motion in a timely fashion and that no prejudice should result from this extension.
